I was dispatched to 623 South Olive in regards to male White Kevin Zmarthir who was sleeping on private property. Upon arrival I made contact with Kevin and advised him he was not able to sleep on location. Kevin in a known transient and always being intoxicated. I observed Kevin intoxicated but was clean shaven, with clean cloth and looked very well kept. Kevin had not been seen in the area in the last couple months. I observed two bracelets on his hand, which were siblings names and numbers. I was able to get in contact with kim his daughter and informed me that Kevin had ran away from his convalescent Hospital where he was receiving treatment for alcohol. Kim advised she lived in New York city but would be getting in contact with hospital personnel to assist with Kevin. Moments later Kim returned my call and advised that the hospital would be sending two employees to pick up Kevin. Moments later Michael Kim arrived on location and identified Kevin as one of there patients. Michael transported Kevin back to the hospital without any further assistance.

Mike,

Due to none of the ambassadors being able to drive company vehicles, we will need to be better coordinated on the scheduling of deliveries. I would like to return to only doing deliveries one time a week. This limits the additional safety resources we have to pull from the field to accommodate. What day would work best for you?

Apparently I dropped the ball on this one (yes I am admitting it). I have asked for Javier to set up a sit down with Mr. Rivas, Anita and other principals in this matter. If all goes well, we will set up a "Pre" instructional class for the bike certification, so that he can prepare for that and also give the bike instructor an idea of what we are working with.

She is aware. Timing can happen whenever it works with the truck schedule.
If you let me know, I can coordinate with Washington.

I know deliveries are set to be made on Thursdays, but they have a new tenant moving in on Monday and they would like these.

Thanks for being flexible.

Good morning Sir,

We're currently at 399 S. Hill with a wellness check. F/B 5'8 180lbs. Green jacket blue pants, subject identified herself as Shasta Haley. We offered Ms. Haley information in regards to The Women's Center and The LAMP Program. Subject declined all bid action assistance and relocated. The area behind the fence is getting a bit bad here are some photos.

Good evening Sir,

This morning Bid Action conducted a tour with the Downtown Access Center. We met with the Program Director James Stewart. Mr. Stewart shared program information far as showers schedules, case management, and Job assistance. James also informed us that they're not a shelter but a resource, access center. They administer everything from showers, temporary bedding for individuals with full time jobs pending housing. Individuals that are currently employed, and currently working with a case worker for permanent housing may utilize the bedding facility. The agency also offer mental health and group sessions; there is also an on sight clinic, for testing far as, STD, HEP C, HIV, and TB. The agency will be a help to bid action far as medical referrals, free clinic opportunities and CES enrollment for our clients. This week Bid Action's focus will be to provide and possibly escort two of the clients that may qualify for this program. Clients such as Teresa Power, and Rhonda Gonzalez from Third and Main SE.

Sir, I remember Ambassadors deliveries were schedule for once a week. Now days we have to work around the ambassadors schedule and at times it becomes last minute notice for pickups or deliveries. I asked Washington to coordinate with Mike what day would work for them so that one day out of the week they can take care of all their deliveries. Mike continues to request deliveries on regular basis which causes us to pull resources from the field.

All – Would appreciate everyone’s assistance with the following when using the copiers:

- Please plan your large copy jobs for times when you know you will be there so that you can address any jams that come up and to be sure that the job is completed (e.g. don’t start one when you leave at the end of the day). Note: major issues can often be avoided by printing a sample first before starting the full job. Note also: large jobs will stop printing before completed once the tray reaches capacity so check them periodically throughout the run.
- If you have a jam that you can’t clear please let Lena or Mike know so they can assist.
- If you run out of paper during your job please stock with a full ream of paper. (Additional paper is located near each copier.)

Subject: Dog Day Afternoon - Bow WOW!

Thank you very much to everyone who contributed to a very successful Dog Day event yesterday. The energy was fun and festive and it was extremely well attended – with RSVP's well exceeding last years. It was definitely a team effort from Dalia and Kevin helping with check-in and logistics throughout the event, the clean and safe teams being all over the event under Ken's oversight, Henna's assistance with the press (and keeping gorilla dog vendors at bay), and Nick expertly handling both emcee duties as well as several press interviews (backed up by Julia who pitched in with Telemundo). I also need to thank Lauren for being a watchful eye throughout the planning while we transitioned to the new team. But without a doubt the biggest acknowledgement needs to go to Mike for his exceptional management of the event from the initial planning and soliciting of all the vendors and raffle prizes to wrapping up at the end of the day. It went flawlessly and he did an excellent job keeping everything that is great about the event while adding his own touches to make it even better.

Great job team!

Subject: Client Alert - 4th of July

Client Alert: July 4th Extra Vigilance Encouraged

Dear Valued Client,

As Americans prepare to celebrate Independence Day this July 4th weekend, law enforcement officials are calling for heightened vigilance particularly because of the convergence of additional observances, such as the Islamic religious holiday Ramadan and the one-year anniversary of the Islamic group ISIS. The group is reportedly taking the opportunity to draw attention to its movement through the recent global attacks in Tunisia, France, and Kuwait.

As a result of the convergence of these events, the Department of Homeland Security and the FBI have urged Americans to be on high alert, although they are not aware of any planned attacks at this time.

Terrorism has unfortunately become a stark reality we must contend with. Moreover, despite these advisories, it is always a good idea to stay on alert and take precautions for the safety of your employees, visitors, building occupants and property. Please heed the below Intel tips for a safe and celebratory holiday weekend.

Protective Actions You Can Take

- Property management companies should work closely with building occupants to monitor upcoming events related to July 4th activities.
- Communicate all event plans with department heads and establish security protocols for any such event.
- Monitor news sites closely for bulletins related to terrorist activities within the U.S.
- Continue to train all employees on how to recognize potential suspicious activities.
- Report all suspicious activity to local law enforcement and/or government agencies.
- Re-evaluate the physical security of all buildings and office spaces.

What Is Suspicious Activity?

Suspicious activity is any observed behavior that could indicate terrorism or terrorism-related crime. This includes, but is not limited to:

- **Unusual items or situations:** A vehicle is parked in an odd location, a package/luggage is left unattended, a window/door that is usually closed is open, or other out-of-the-ordinary situations occur.
- **Eliciting information:** A person questions individuals at a level beyond curiosity about a building's purpose, operations, security procedures and/or personnel, shift changes, etc.

- **Observation/surveillance:** Someone pays unusual attention to facilities or buildings beyond a casual or professional interest. This includes extended loitering without explanation (particularly in concealed locations); unusual, repeated, and/or prolonged observation of a building (e.g. with binoculars or video camera); taking notes or measurements; counting paces; sketching floor plans; etc.

Some of these activities could be innocent—it is up to law enforcement to determine whether the behavior warrants investigation. The activities listed are not all-inclusive but have been compiled based on studies of pre-operational aspects of both successful and thwarted terrorist events over several years.

How To Report Suspicious Activity

Public safety is everyone's responsibility. If you see suspicious activity, report it to local law enforcement or a person of authority.

Describe specifically what you observed, including:

- Who or what you saw,
- When you saw it,
- Where it occurred, and
- Why it is suspicious.

Access current information on global and regional terrorist activities at:

- The Joint Regional Intelligence Center: www.jric.org
- Department of Homeland Security: www.dhs.gov/topic/preventing-terrorism-overview

Universal Protection Service will maintain close contact with local law enforcement agencies, and we have also instructed our operations teams to be on heightened alert. However, we encourage you to review your individual emergency plans and share them with your teams to be prepared.

If you have any further questions or concerns regarding security at your location, please contact your Universal representative.

Subject: AB 1522 - California Sick Leave
Attachments: ATT00001.htm; File1; ATT00002.htm

Dear Valued Client,

July 2, 2015

As you know, the State of California passed the California Healthy Workplaces, Healthy Families Act of 2014 (AB 1522) last year, which obligated all employers in the State to provide paid sick leave benefits to all eligible employees as defined by the Act. This Act became effective July 1st, 2015.

In general, this Act provides paid sick leave for all eligible employees in California to take paid time off for the care and treatment of themselves or qualified family members. An eligible employee is defined as a regular or temporary full-time or part-time employee who works in California for 30 or more days per year. Effective July 1st, 2015, an eligible employee will begin accruing one (1) hour of paid sick leave for every 30 hours worked, with an accrual cap of 48 hours/6 days per year. An eligible employee may use up to 24 hours/3 days per year, with any remaining accrual balances rolling into future years. There is no cash out obligation for unused accrued sick time.

Employees who are eligible for paid sick leave under a separate City or Local ordinance, or a Collective Bargaining Agreement, that is more generous than the Act, will remain eligible for the benefits provided under the more generous policy provided they continue to work in that jurisdiction and meet any other policy requirements.

You can learn more about the Act by visiting <http://www.dir.ca.gov/dlse/ab1522.html>.

Since the passage of the Act, Universal has been updating our Paid Sick Leave policy and Employee Benefit Handbook to conform with the new State obligations. We have also distributed the required informational posters and literature to our branch offices and work sites as required by the Act.

Effective July 1st, Universal has begun tracking all employee sick leave accruals at the accrual rates noted above through our automated ERP system. As sick time is requested and taken by an employee, Universal will make the necessary schedule adjustments at the work site to ensure the security post remains staffed. At the next invoice interval, we will bill our customers as incurred for the additional cost to backfill the post with a replacement officer for the duration of the sick leave request. For your convenience, this additional cost will be clearly delineated as sick time on the invoice and again, will only be billed as it is incurred.

We hope this additional information about the Act is helpful. However, if you would like to discuss it further, or how it may impact the security schedule at your property, please feel free to contact your local Universal Representative.

Best Regards.

Dear Valued Clients and Directors,

The World Champion team will be at Staples Center today in celebration of their recent title.

Please note we expect large crowds in the vicinity of the Staples Center starting around 9:00am this morning, through the lunch hour.

There are no planned street closures in or around the area with the exception of Chick Hearn between Staples and Nokia Center.

This said LAPD will have a large presence in the area and may conduct temporary closures as needed.

Staples is offering free parking in the West Garage and their gates open at 9:00am with the event starting at 11:00am.

All

We are set for the next DTLA Meeting on August 18th at 9am -11:00am
The meeting will be held in the Bloc Mall Building at 7th and Flower Street
Please enter at the main entrance on 7th Street and proceed to the security desk and they will direct you the 5th floor where the meeting will take place.

The focus of the group is to collaborate in order to create and share best practices to improve our neighborhood conditions.

This meeting will have some new people from different agencies who I feel will be instrumental in helping us achieve our goal of making the area safe and enjoyable for everyone.

The last meeting we all talked about a mission statement and I have taken the liberty of creating points and would like input from the group to confirm or adjust them accordingly

Focus points for the DTLA Collation

- Improve the condition of the neighborhood by working with our stakeholder to address quality of life issues
- Develop a basic and expected standard of street and sidewalk sanitation
- Develop and communication mechanism for notifications and updates on neighborhood concerns and activity to promote awareness
- Work with government agencies to help direct social services groups to people in need to help reduce and improve the homeless conditions
- DTLA will work in conjunction and support other community groups for the betterment of the neighborhood

Please feel free to reach out to Jay Reed at jay.reed@macys.com or me with any thoughts about the organization or meeting content

The meeting agenda is attached for your review

Please feel free to invite anyone who may have an interest in participating and working with us and other neighborhood groups

Thank you for the interest you have given to the improvement and enhancement to Downtown LA and our organization

We look forward to working together in order to make a difference

Attached is a draft agenda for the meeting

The final agenda will be out to all a week before the meeting

Subject: DTLA Meeting 8-18-15

All

We are set for the next DTLA Meeting on August 18th at 9am -11:00am
The meeting will be held in the Bloc Mall Building at 7th and Flower Street
Please enter at the main entrance on 7th Street and proceed to the security desk and they will direct you the 5th floor where the meeting will take place.

The focus of the group is to collaborate in order to create and share best practices to improve our neighborhood conditions.

This meeting will have some new people from different agencies who I feel will be instrumental in helping us achieve our goal of making the area safe and enjoyable for everyone.

The last meeting we all talked about a mission statement and I have taken the liberty of creating points and would like input from the group to confirm or adjust them accordingly

Focus points for the DTLA Collation

- Improve the condition of the neighborhood by working with our stakeholder to address quality of life issues
- Develop a basic and expected standard of street and sidewalk sanitation
- Develop and communication mechanism for notifications and updates on neighborhood concerns and activity to promote awareness
- Work with government agencies to help direct social services groups to people in need to help reduce and improve the homeless conditions
- DTLA will work in conjunction and support other community groups for the betterment of the neighborhood

Please feel free to reach out to Jay Reed at jay.reed@macys.com or me with any thoughts about the organization or meeting content
The meeting agenda is attached for your review
Please feel free to invite anyone who may have an interest in participating and working with us and other neighborhood groups

Thank you for the interest you have given to the improvement and enhancement to
Downtown LA and our organization
We look forward to working together in order to make a difference

Attached is a draft agenda for the meeting
The final agenda will be out to all a week before the meeting

Sir, I remember Ambassadors deliveries were schedule for once a week. Now days we have to work around the ambassadors schedule and at times it becomes last minute notice for pickups or deliveries. I asked Washington to coordinate with Mike what day would work for them so that one day out of the week they can take care of all their deliveries. Mike continues to request deliveries on regular basis which causes us to pull resources from the field.

I can make contact with the Insurance company if need be, but this individual is visiting our office every other day.

Do we know if LAPD was on scene for the exchange of information.

Apparently this party is telling me he took a photo to the insurance card but later discovered it was too blurry to make out.
