Yes sir, I'll try and get that to you in the next 24 to 48 hours after I confirm pricing and availability.

Will,

I would like to move forward as quickly as possible to get the approved computer equipment and software. Since the BID currently does not have a credit card and/or debit card for it's use, Jim Omahen had agreed to put the purchases on his American Express card--with the stipulation that we cut reimbursement check(s) within a maximum of 2 weeks. Can you assist us in insuring we make the correct and most cost effective purchase by locating the items and send to us the purchase information for us to move forward?
