Let's schedule an advocacy committee meeting ASAP so that the issue can be presented and discussed, and then the committee can make a recommendation to the board at the November meeting.

Thanks Laurie for bringing this to our attention!

Good morning Gents,

I see the hotel mw increase on the agenda, but not MEG's city-wide mw increase – I think we need to take a position or at the very least engage in a dialog with the Board. Yesterday, MOF's motion to authorize an additional study to understand the unintended consequences of the mw – passed council. As you know, many of the BID's small business (particularly restaurants who operate on a small margin) will go out of business.

Just a thought 😊

See ya later!

Hugs,
Laurie
